Kim:

I think the proposal looks fine. Please proceed with getting signed originals (two copies please) to us via overnight delivery for Friday delivery. If morning/lunchtime delivery could be requested, that should ensure that we will receive it in time to obtain Hans' signature.

If any questions, please let me know.

Thanks,
Valerie

Valerie,

Attached is the Recruiting, Advertising and Screening draft fee for the Series K short term study (EHCK3K6/01/03 - AA02981).

As requested, the particular event fees have been pulled from the usual fee and placed together so that a Project Agreement can be developed prior to advertising or recruiting starts, for this study.

Again, we have radio ads starting 22 Apr and print will run after that. Can we get something in place by 22 Apr?

Kim
